

Weekly Newsletter for The Appliance Outlet

2-21-15

by Robert Ehrig

I will start by saying, If you can't find what your looking for now, your expecting too much.

LOL

We are absolutely loaded with merchandise.

DCS brought a huge load of outdoor BBQ kitchen items.

Thermador dropped the rest of that big load from a a couple weeks ago.

Viking had several items as well.

And GE brought us a bunch of Monogram product.

The selection doesn't get any better then this. Please hurry in for the best selection.

As you can imagine, it was impossible to put everything in this newsletter this week, so please let me know if there was something in these brands that you have been waiting for.

Please email that request to me.

Hope to see you soon
