This week you are getting this early, cause it is possible that we get a couple big shipment.

We received half of the Bosch / Thermador load so far.

Lots of great items in this load.

I may send out another newsletter later in the week if the other big load comes in.

I just want you to see as much as possible.

Besides these items, we still have Viking 48" ranges with 8 burners.
and a few 30" ranges by Viking.

Thanks for accepting my newsletters,

Robert Ehrig
