This week we got a shipment of Viking.  
Mostly 48" ranges with 8 burners

We also got several DCS 36" BBQ's on carts.  
These were used in a home show last weekend.  
So they all have been cooked in for a couple days,  
but a great deal could be had here at \$ 2999.99

We also have our La Cornue Chateau 150 ready to sell  
this has been check and tested and is working great.

Thank you for accepting my newsletters,
