Weekly Newsletter
7-18-15
by Robert Ehrig

Hello All,

This week was a quiet week for deliveries
but
Next week will be a VERY busy for delivery

At the end of this email, I will highlight some of the great items we will
be getting on these deliveries.

Also ... This may be the last chance to acquire a
Viking showroom model range. Almost gone, except 30”.

Thanks for accepting my newsletters,

Robert Ehrig

WARNING
DO NOT USE THIS APPLIANCE UNDER
ANY OF THE FOLLOWING CONDITIONS:
- If the gas control knobs are turned
off and the burner continues to glow
red, turn off the gas supply at the
shut-off valve and call a qualified
technician for service.
- If you smell gas, turn off the gas
supply at the shut-off valve and call
a qualified technician for service.
- If the burner flame is yellow or
flickering, turn off the gas supply
at the shut-off valve and call a
qualified technician for service.
- If the burner flame is too high,
turn off the gas supply at the
shut-off valve and call a qualified
technician for service.
- If the burner flame is too low,
turn off the gas supply at the
shut-off valve and call a qualified
technician for service.
- If the burner flame is off, turn
off the gas supply at the shut-off
valve and call a qualified technician
for service.
- If the burner flame is off and the
burner continues to glow red, turn
off the gas supply at the shut-off
valve and call a qualified technician
for service.
- If the burner flame is off and the
burner continues to glow red, turn
off the gas supply at the shut-off
valve and call a qualified technician
for service.
- If the burner flame is off and the
burner continues to glow red, turn
off the gas supply at the shut-off
valve and call a qualified technician
