By Robert Ehrig

This week we did not get anything new in.

So I took the liberty and justice to mark some items lower in price than our

...already low prices...

See what I did there ! Inauguration week and all. LOL

Anyway, next week we should see more GE product and DCS and Fisher Paykel

We are also working on more American Range product.

We still have a few of those 48" Thermador fridges that are brand new.

Thanks for accepting my newsletters,

Robert Ehrig
