

Weekly Newsletter for Appliance Outlet

4-1-17

By Robert Ehrig

Lets see how this goes...

Everything in the warehouse is up to 50% off from now on.

Wait for it...wait for it...wait for it...

April Fools

But actually, we are discounted nicely on all our appliances every day!

We are consistently 20—40% off MSRP prices on high end appliances that are normally not discounted at all in the retail world.

We have a large inventory and are always getting new items every week.

For all the new newsletter subscribers, welcome and for those loyal for years, thank you for accepting my crazy newsletters every week.
