Appliance Outlet

7-8-17

By Robert Ehrig

This week we received a Viking shipment.

They are unloading it right now.

I will show an example of what we are getting.

They say its all new, just blemished.

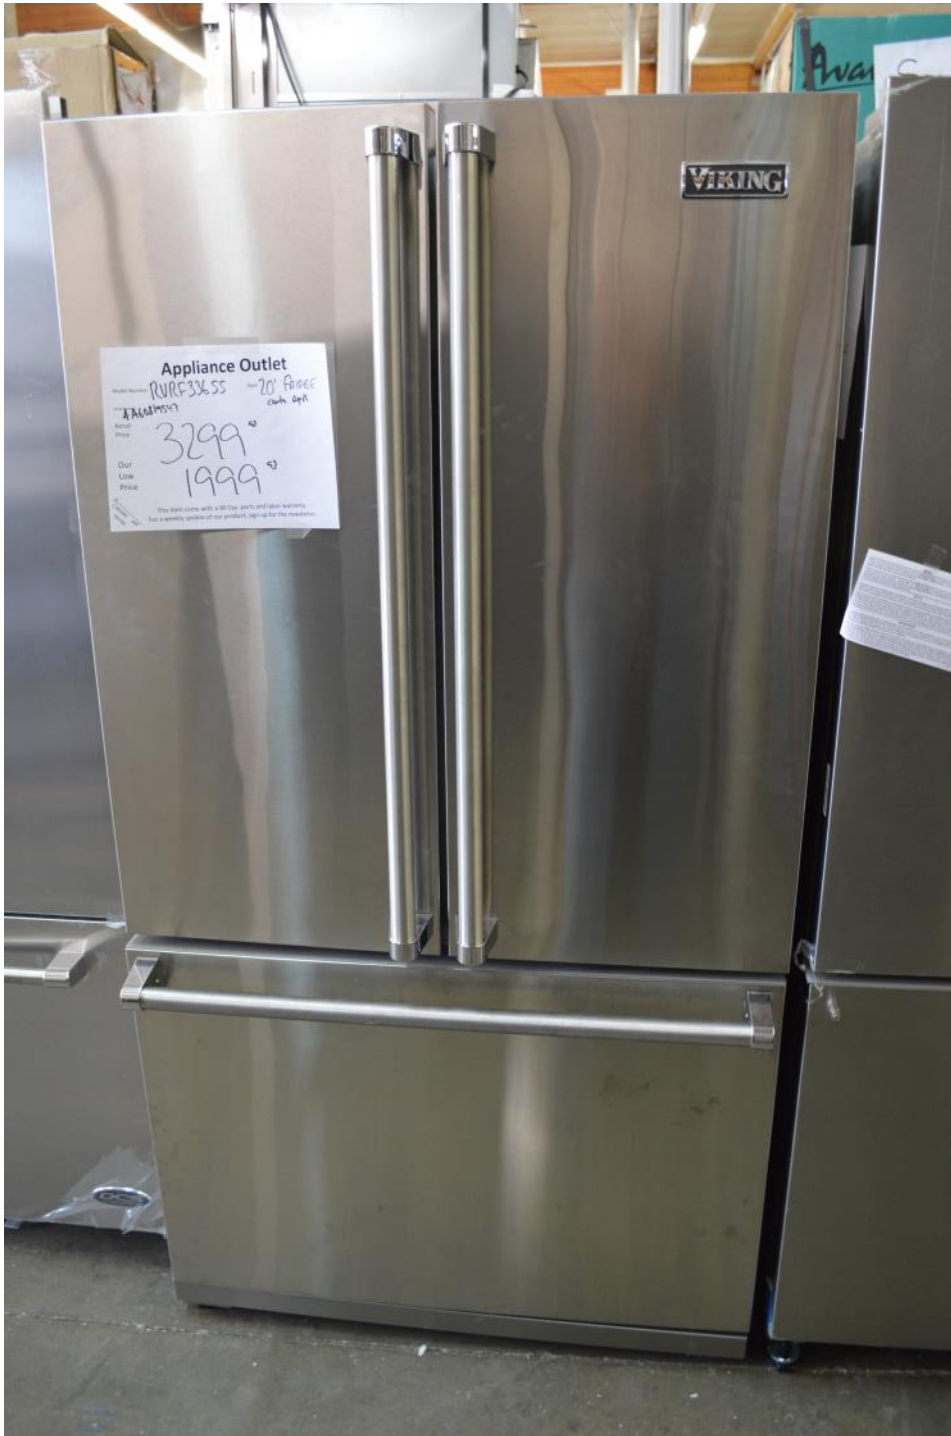

Some 30" ranges and dishwashers, free standing fridges, and hoods.

We are also getting cooktops, a bunch of them.

We also still have a few of the La Cornue ranges and some Thermador dishwashers.

Thanks for accepting my newsletters,
