Appliance Outlet

12-9-17

By Robert Ehrig

Hello everybody,

This week we got a couple La Cornue ranges that were damaged in shipping.

We are getting them fixed and they should look good when finished.

These are the super high, custom order units.

They are not priced yet, but they will land in the mid \$30K's give or take.

Absolutely gorgeous but you will have to wait for them to be ready.

I also picked out a few other gems in the showroom to show this week.

Thanks for accepting my weekly newsletters.
