By Robert Ehrig

We are getting a Monogram and Café load soon.

And we are getting a Viking load as well. Should have Aga and Lynx too

I am highlighting some nice items we have available right now.

And let me know if you need me to put together a set for you.

With all the uncertainty around, you can count on us.

We will save you up to 40% off the retail pricing every day.

Thanks for accepting my weekly updates.
