Appliance Outlet

11-22-25

By Robert Ehrig

This week we received some Fisher & Paykel products.

Next week is Thanksgiving and you need to have a working range.

I suggest you, test it this week. Ovens and all burners.

And then if you need me, come see us.

You can also, email me for a preview first if you like. Just hit reply.

Gas installation checklist

To the installer:
 Please check through the list provided to ensure correct installation.

- Connections to be made with a minimum 1/2" diameter gas line.
- Use gas supplied by your gas company. Do not use other gas.
- The pressure regulator must be connected to the gas supply in accordance with the instructions on the regulator.
- For 20" and 24" models, gas line must be 1/2" dia. For 30" models, gas line must be 3/4" dia.
- Check for gas leaks.
- Do not use gas if you smell gas.

To the customer: call off before use
