Appliance Outlet

12-13-25

By Robert Ehrig

And now for something completely different.

We have some product that has either been here too long or
are missing unvital parts that are hard to find.

All will be tested for 100% functionality before you take them.

The beauty of this, is that you can “name your price” (be reasonable)

I am highlighting these this week. Its not all either, come in to see more.

Thanks again

Robert Ehrig
